**Confidentiality:** What you share in session is CONFIDENTIAL and will only be discussed with other people with your written permission. If a minor child is seen, issues regarding confidentiality will be discussed with the parents.

4. If a vulnerable adult or child reports abuse. Practitioners are mandated reporters.

from your insurance company is due prior to or at the time of service or your appointment your client account balance is overdue or there is no payment plan in place for your outstanding balance, we reserve the right to reschedule your appointment until payment or payment plan agreement is received.

**Insurance and Bookkeeping:** In many cases, insurance companies provide outpatient mental health benefits to their insured customers. Please remember that services are provided for and charged to you, not to your insurance company. You are responsible for checking with your insurance company and/or your employer to be certain that they cover the services provided. As a courtesy, we will check insurance coverage, but we cannot guarantee that they will ultimately provide coverage for your services. There are a wide variety of insurance plans available per company; we guarantee cannot be made that any particular company will provide payment for services that you receive due to this. If your insurance company does not cover the services you receive, you are fully responsible for the amount due. If you have any questions about obtaining coverage, please ask. In most cases, problems with insurance processing can be significantly reduced if the claims are filed through this office.

**Past Due Balances:** Should you have a past due balance after 30 days, you will receive an initial statement informing you of this with a past due stamp. If your balance is 60 days past due, you will receive a second notice, and your provider may reach out to you personally to get the issue resolved. You will also receive a notice that after 90 days you will receive a finance charge should you not take care of the balance immediately. At 90 days past due, there will be a letter in your statement notifying you about your balance and that the next step will be a finance charge and collections letter (beginning on the 91<sup>st</sup> day). **At any time before 120 days** you have the opportunity to make a payment plan on our website or by calling our billing office and setting up a time to do so. At 120 days past due, we will send your information and balance to collections and you will be terminated as a client from Cashman Center. We will provide you with appropriate referrals for your continued care.

**Collections:** In case you do not pay your bill, Cashman Center reserves the right to seek payment with a collection agency or through other legal means. The cost of collection may be added to your bill. Return check fee is \$35 and will be billed to you. Unpaid balances may incur reasonable and customary interest charges.

## Client Responsibilities

---

Each client has the responsibility to:

- Refrain from physical (and other) abuse of self, others, and property.
- Cashman Center bans all guns/concealed weapons from our premises.
- Clients are responsible for repair or replacement of any property they damage in the facility.
- Pay balances and/or copays on time.
- Refrain from the use of a mood altering substance prior to receiving services at Cashman Center. If it is suspected that you are under the influence of a mood altering substance, Cashman Center reserves the right to cancel your appointment and charge a late cancel fee.
- Arrive on time to scheduled appointments. Should you arrive 10 minutes late for a 20 minute appointment, or 15 minutes late for a 60 minute appointment, your provider reserves the right to cancel your appointment and charge a late cancel fee.
- Devote reasonable energy and time to therapy work. Therapy is generally “hard (emotional) work”. For progress to occur, we recommend making your therapy a high priority in your personal life. Your therapist may assign homework to help you learn about yourself, and doing your homework is to expedite your therapy and decrease your costs.
- Fulfill contracted behavior.
- Be honest with your therapist concerning your thoughts and feelings about your therapy and treatment.
- Keep appointments as made. Your appointment time is reserved for you. Therefore, you will be charged for the appointment unless you give at least 24 hours advance notice. Exceptions can apply for emergencies and other extenuating circumstances.
- Keep current in paying your fees (deductibles, co-payments, fee-for-service payments). You are required to pay your fee at the beginning of each session. Although it is possible that mental health coverage deductible amounts may have been met elsewhere (e.g., if there were previous visits to another mental health provider since January of the current year), session fees credited toward the deductible will be collected at the time of the session until the deductible payment is verified by the insurance company or third-party provider. Verification can be through the billing coordinator, who will contact your insurance company to check your benefit status upon request.
- Inform those involved in the treatment plan about any changes to physical health, insurance plan, or ability to pay for contracted services.

- Parents or caregivers are responsible to supervise the activities of children with respect to use of facilities and materials.
